Those appearing were:

Barbara Kilcomons, 22 Schmitt Street

Commented on lost rateables due to Hurricane Sandy. She thought that a 35 year Pilot was excessive.

Comments addressed by Mayor O’Brien and by Mr. David Himmelman, Principal of Middlesex Energy Center. Who explained that this resolution was for the purchase agreement and what she is addressing is the Pilot Agreement which would be a \$80 Million dollars over the life of the pilot.

- Mike D’Addio, Chairman of SERA
Commented on what a Pilot is and wished they could get them to sign for a much longer term and the longer this pilot is the better it is for the borough.

There being no further questions or comments.

PUBLIC PORTION

At this time Mayor O'Brien opened the meeting to the public or any and all issues.

Those appearing were:

- Jerry Saccente, 3 Singleton Street.

Commented that over time his street has slanted and now has become a huge drainage issue causing safety concerns. Minor rain causes floods across street with it being 2-3 ft. high. Can't repair his personnel damage because it will just happen again so he is asking for a permanent repair. DPW came out and approved for improvement but was denied due to budget reasons. He said safety issue becomes worse in winter and if it can't be repaired now, when?

The Borough Engineer responded for the Mayor stating that the repair involves regrading and drainage improvements and the borough's emergency contractor said that it would cost \$17,000.00 and there were some budget issue.

Comments made by Councilwoman Kilpatrick about witnessing the flooding and it was a serious issue.

Mayor asked the CFO if there was any money for this repair and he indicated that there was not. Mayor asked that he review and see if he could find some money. Mr. Kronowski explained that it is at the end of the year and a Bond Ordinance would take two meetings. Mayor indicated that perhaps it would be better if he came back in January. Concerns from Councilwoman Kilpatrick about Mr. Saccente having to come back and forth. Mr. Kronowski said that it is on the DPW Director's list for improvements. Mr. Kronowski also explained that we are also under strict budgetary restraints, the way money is appropriated, spent and cannot address every issue immediately. Further comments made by Councilwoman Kilpatrick regarding the severity of the repair need.

- Ed Strek, 58 Nickel Avenue

Suggested using the money from Resolution 2015-335 to fix this man's problem.

Response from Mr. CFO on the use of certain monies.

No further questions or comments. Councilwoman Novak moved the public portion be closed. Motion seconded by Councilman Buchanan.

Roll Call: Voice Vote, all Ayes. Carried.
