

MEET JOSEPH

My name is Joseph Schlenger. I'm 12 years old and a straight A Honor student at Sayreville Middle School. I love creative writing, history and digital music production. I attend mass every weekend and have great faith. I love my family and enjoy the trips and adventures I plan with my mom.

My name is Joseph Schlenger and I have CMT.

WHAT IS CMT?

Charcot Marie Tooth (CMT) is a disease of the peripheral nerves that control the muscles. This disease causes progressive loss of function and sensation in the hands, arms, legs and feet. CMT affects only 133,000 people in the United States. Currently, there is no cure for CMT.

WHAT'S NEXT?

Joe had his first CMT related surgery in February of 2023. He has made it his life's goal to help find a cure for CMT. For the 3rd consecutive year Joseph and Team Keep It Up will be walking as part of the nation-wide WALK4CMT. You can be part of this event by joining Joe at his Open House/Walk Party, donating online using the website or scanning the QR Code, or even dropping your loose change in the container. We hope to see you on the 10th of September!
