

THE BOROUGH OF SAYREVILLE

Office of Water and Sewer Utilities

167 Main Street
Sayreville, NJ 08872
732-390-7060 • Fax 732-416-8587

NOTICE

Dear Customer,

The Sayreville Water Department will be performing repairs that require periodic water service shutdowns in your area during the week of **June 8, 2026, through June 12, 2026.**

The anticipated work schedule is as follows:

Monday: Oak St, Thomas St, James St, Gorczyka Pl, Frazee St, Heston St

Tuesday: Frazee St, Perrine St

Wednesday: Roll Ave, Kearney Ave

Thursday: Hwy 35, Kearney Rd, Melrose Ave, Chevalier Ave

***Dates and locations are subject to change due to unforeseen construction conditions.**

As the repairs progress, we are unable to provide an exact time for service restoration. During this period, you may experience low water pressure or a temporary loss of water service. We estimate that the work and associated shutdowns will last approximately **six to eight hours each day.**

Every effort will be made to complete the repairs and restore water service as quickly as possible.

Once service is restored, you may notice some temporary water discoloration. This is a normal condition following a water main shutdown and should clear after running your cold water for a short period of time. If discoloration persists, please contact our office.

We apologize for any inconvenience and appreciate your patience and cooperation as we complete these necessary repairs.

Sincerely,

Sayreville Water Department
