INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Borough Council Borough of Sayreville County of Middlesex Savreville. New Jersev 08872

Report on the Audit of the Financial Statements

Adverse and Unmodified Opinions

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the Borough of Sayreville (the "Borough"), as of and for the years ended December 31, 2024 and 2023, the related statements of operations and changes in fund balance – regulatory basis for the year then ended, and the related statement of revenues – regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements as listed in the table of contents.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Matter Giving Rise to Adverse Opinion" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Borough as of December 31, 2024 and 2023, or the results of its operations and changes in fund balance for the year then ended or the revenues or expenditures for the year ended December 31, 2024.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2024 and 2023, the regulatory basis statement of operations and changes in fund balance for the year then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2024 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") as described in Note 1.

SUPLEE, CLOONEY & COMPANY LLC

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division, the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards and provisions are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Borough on the basis of the financial reporting provisions prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the regulatory financial statements in accordance with the regulatory basis of accounting prescribed by the Division, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of regulatory financial statements that are free from material misstatement, whether due to fraud or error. In preparing the regulatory financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the regulatory financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, Uniform Guidance and audit requirements prescribed by the Division will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

SUPLEE, CLOONEY & COMPANY LLC

In performing an audit in accordance with GAAS, *Government Auditing Standards*, Uniform Guidance and audit requirements prescribed by the Division, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's regulatory financial statements. The supplementary information, schedule of expenditures of federal awards and data listed in the table of contents as required by the Division and the Uniform Guidance are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information, schedule of expenditures of federal awards and data listed in the table of contents, as required by the Division and the Uniform Guidance are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

SUPLEE, CLOONEY & COMPANY LLC

Other Reporting Required by Government Auditing Standards

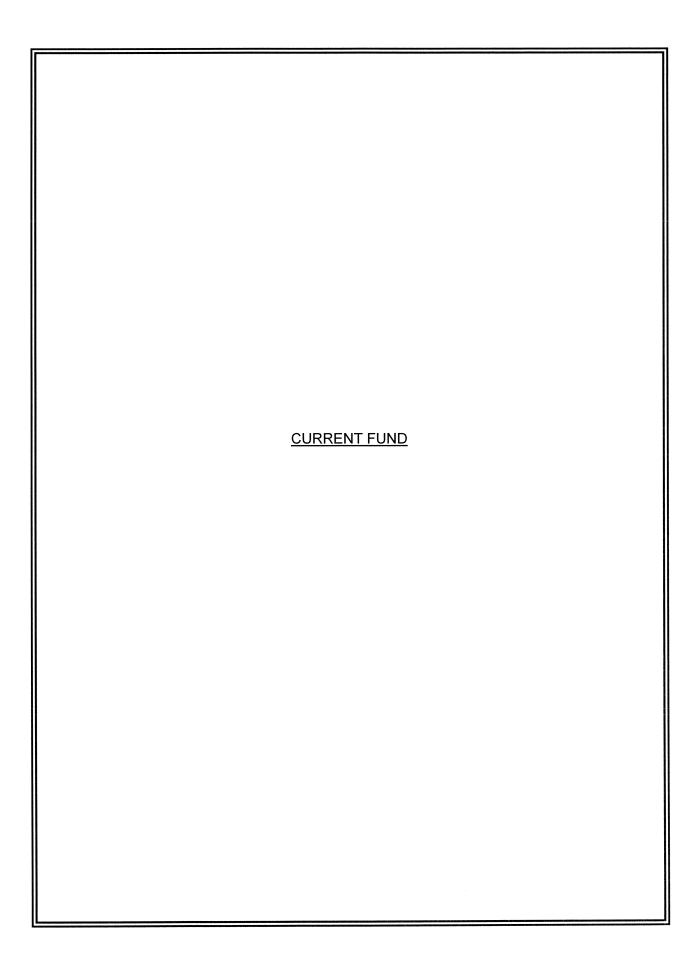

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2025 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Borough's internal control over financial reporting and compliance.

BOROUGH OF SAYREVILLE

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Borough of Sayreville, in the County of Middlesex (the "Borough") is organized as a Mayor-Council municipality. The Borough is governed by an elected Council and Mayor, and by such other officers and employees as may be duly appointed. The Council consists of six members elected at large by voters of the municipality and serve for a term of three years beginning on the first day of January next following their election and the Mayor is elected for a four year term. Each member of the Council carries a legislative vote.

The Governmental Accounting Standards Board ("GASB") established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The Division of Local Government Services (the "Division") requires the financial statements of the Borough of Sayreville to be reported separately.

The financial statements of the Borough of Sayreville include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough, as required by the provisions of N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough do not include the operations of the local school district, inasmuch as its activities are administered by a separate Board.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

B. Description of Funds (Continued)

The accounting policies of the Borough of Sayreville conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Sayreville are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services the Borough accounts for its financial transactions through the following individual funds and account groups:

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including grant funds.

<u>Trust Fund</u> - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - receipts and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water Utility Operating and Capital Funds</u> - records resources and expenditures for the operations and acquisition of capital facilities of the municipally owned Water Utility.

<u>General Fixed Assets Account Group</u> - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

C. Basis of Accounting and Measurement Focus

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

C. Basis of Accounting (Continued)

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and State grants are realized as revenue when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Expenditures - are recorded on the "budgetary" basis of accounting. General expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's regulatory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

<u>Encumbrances</u> - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

<u>Foreclosed Property</u> - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

<u>Sale of Municipal Assets</u> - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

C. Basis of Accounting (Continued)

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

General Fixed Assets - N.J.A.C. 5:30-5.6 Accounting for Governmental Fixed Assets, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as non-expendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$500.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage system are not capitalized.

Property and equipment acquired by the Current and General Capital Funds are recorded as expenditures at the time of the purchase and are not capitalized in their own respective funds. The Borough has valued its land and buildings at assessed values. GAAP requires capital assets to be recorded at their historical cost or estimated historical cost. Additionally, GAAP requires depreciation to be calculated on capital assets, with the exception of land.

General Fixed Assets that have been acquired and that are utilized in the Current and General Capital Funds are instead accounted for in the General Fixed Asset Account Group. No depreciation has been provided on general fixed assets or reported in the financial statements.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

<u>Inventories of Supplies</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

<u>Fixed Capital - Water Utility</u> - Accounting for utility fund "fixed capital" is done in compliance with N.J.A.C. 5:30-5.6. Property and equipment purchased by the Water Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized.

C. Basis of Accounting (Continued)

<u>Fixed Capital - Water Utility (Continued)</u> - The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents changes to operations for the cost of acquisitions of property, equipment, and improvements. The utility does not record depreciation on fixed assets.

Accounting and Financial Reporting for Pensions - Under GAAP, municipalities are required to recognize the pension liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB) - Under GAAP, municipalities are required to recognize the OPEB liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 75. The liability required to be displayed by GASB 75 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the OPEB liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 75 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 75, however local units are permitted to disclose the most recently available information as it relates to the New Jersey Division of Pension and Benefits reporting on GASB 75. As of the date of this report the information for the period ended June 30, 2024 was not available, therefore the information dated June 30, 2023 is disclosed.

C. Basis of Accounting (Continued)

Leases

Under GAAP, lease receivables are measured at the present value of the lease payments expected to be received during the lease term. Payments are recorded as an inflow of resources in the period the payment is received. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized in a systematic and rational manner over the lease term.

Lease liabilities represent obligations to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of the expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the option will be exercised. Payments for short-term leases with a term of 12 months or less are expensed as incurred and these leases are not included as lease liabilities or right –to-use assets on the statements of net position.

New Jersey's municipalities do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording lease receivables, deferred outflows, lease liabilities or deferred inflows on their balance sheets.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP.

Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, change funds, and cash in banks, deposits in the New Jersey Cash Management Fund and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Under GUDPA, if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

The Borough of Sayreville had the following cash and cash equivalents at December 31, 2024:

<u>Fund</u>		Change <u>Fund</u>	Cash on <u>Deposit</u>		Reconciling <u>Items</u>		Reconciled <u>Total</u>

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

A. Deposits (Continued)

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2024, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance in the bank was exposed to custodial credit risk. Of the cash balance in the bank, \$1,250,000.00 was covered by Federal Depository Insurance and \$107,770,965.79 was covered by NJGUDPA. The New Jersey Cash Management Fund is an investment pool and is not insured by either FDIC or GUDPA. The Borough's balance in NJARM was \$29,280.74 and was classified as cash equivalents due to its short-term nature.

B. Investments

The purchase of investments by the Borough is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.

NOTE 2: CASH AND CASH EQUIVALENT (CONTINUED)

- B. Investments (Continued)
 - 5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Local Government Services of the Department of Community Affairs for investment by local units.
 - 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
 - 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c. 281 (C. 52:18A-90.4); or
 - 8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c. 236 (C. 17:19-41); and
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

NOTE 2: CASH AND CASH EQUIVALENT (CONTINUED)

B. Investments (Continued)

New Jersey Asset and Rebate Management Fund

The Borough also invests funds in the New Jersey Asset and Rebate Management Fund ("NJARM"), which is an investment pool managed by Public Financial Management Company. NJARM allows governments within the state to pool their funds for investment purposes and the Securities and Exchange Commission (SEC) does not restrict the pool. Earnings are allocated to all participants based upon shares held in the pool and distributed on the last day of each month. In addition, the fair value of the Borough's portion of the pool is the same as the value of its shares. Agencies that participate in the NJARM typically earn returns that mirror short-term investment rates. Monies can be freely added or withdrawn from the NJARM on a daily basis without penalty.

At December 31, 2024 and 2023, the Borough's balance in NJARM was \$29,280.74 and \$27,824.69, respectively, and was classified as cash equivalents due to its short-term nature. NJARM is rated AAA by Standard & Poors.

<u>Custodial Credit Risk</u>: All of the Borough's investments are uncollateralized. The Borough does not have a policy for custodial credit risk for its investments.

<u>Concentration of Credit Risk</u>: The Borough places no limit on the amount the Borough may invest in any one issuer.

<u>Credit Risk</u>: The Borough does not have an investment policy regarding the management of credit risk. GASB Statement No. 40 requires disclosures be made to the credit rating of all debt security investments except for obligations for the U.S. Government or investments guaranteed by the U.S. government. The NJ ARM is not rated by a rating agency.

<u>Interest Rate Risk</u>: The Borough does not have a policy to limit interest rate risk; however, its practice is typically to invest in investments with short maturities.

Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the Borough is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risk for its investments nor is it exposed to foreign currency risk for its deposits and investments.

NOTE 3: MUNICIPAL DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond Anticipation Notes, which are issued to temporarily finance capital projects, are included in the below Summary of Municipal Debt and Summary of Statutory Debt Condition Annual Debt Statement:

Fund balance, at December 31, 2024, which was appropriated and included as anticipated revenue in its own respective fund for the year ending December 31, 2025, was \$9,400,000.00 for the Current Fund and \$4,084,056.00 for the Water Utility Operating Fund.

NOTE 5: PROPERTY TAXES

Property Taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and payable in four installments on February 1, May 1, August 1 and November 1. The Borough bills and collects its own property taxes and also the taxes for the County and the Local School District. The collections and remittance of county and school taxes are accounted for in the Current Fund. Borough property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund.

NOTE 6: PENSION PLANS

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Firemen's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.ni.gov/treasury/pensions/annrprts.shtml.

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

<u>Police and Firemen's Retirement System (PFRS)</u> - The Police and Firemen's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

<u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

NOTE 6: PENSION PLANS

Vesting and Benefit Provisions (Continued)

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:36. All benefits vest after ten years of service, except for disability benefits, which vest after four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service.

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately vested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP, employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully vested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

Funding Policy

The contribution policy is set by PERS is set by N.J.S.A. 43:15A and contributions are required by active members and contributing employers. Plan members and employer contributions may be amended by State of New Jersey legislation. PERS provides for employee contributions of 7.50% of base salary. Employers are required to contribute at an actuarially determined rate. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The contribution policy for PFRS is set by N.J.S.A. 43: 16A and requires contributions by active members and contributing employers. Plan member and employer contributions *may* be amended by Slate of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. PFRS members contributed at a uniform rate of 10.00% of base salary.

The Borough's share of pension, which is based upon the annual billings received from the State, amounted to \$2,384,483.00 for 2024, \$2,279,305.00 for 2023, and \$2,207,702.00 for 2022.

Certain Borough employees are also covered by the Federal Insurance Contribution Act.

Information as to the comparison of the actuarially computed value of vested benefit with the system's assets is not available from the State Retirement System and, therefore, is not presented.

Accounting and Financial Reporting for Pensions - GASB 68

Public Employees Retirement System (PERS)

At June 30, 2024, the State reported a net pension liability of \$19,608,732.00 for the Borough 's proportionate share of the total net pension liability. The total pension liability for the June 30, 2024 measurement date was determined by an actuarial valuation as of July 1, 2023, which was rolled forward to June 30, 2024. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2024, the Borough's proportion was 0.1443086984 percent, which was a decrease of 0.0086954387 percent from its proportion measured as of June 30, 2023.

For the year ended June 30, 2024, the State recognized an actuarially determined pension expense of \$431,906.00 for the Borough 's proportionate share of the total pension expense. The pension expense recognized in the Borough's financial statements based on the April 1, 2024 billing was \$2,044,942.00.

At June 30, 2024, the State reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Actuarial Assumptions

The collective total pension liability for the June 30, 2024 measurement date was determined by an actuarial valuation as of July 1, 2023, which rolled forward to June 30, 2024. These actuarial valuations used the following assumptions:

Inflation rate:

Price 2.75% Wage 3.25%

Salary Increases: 2.75-6.55%

Based on years of service

Investment Rate of Return 7.00%

Actuarial Assumptions (Continued)

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2024) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major assets class included in PERS's target assets allocation as of June 30, 2024 asset are summarized in the following table:

		Long-Term
	Target	Expected Real
<u>Assets Class</u>	<u>Allocation</u>	Rate of Return

Cash Equivalents	2.00%	3.57%
U.S. Treasuries	4.00%	3.57%
Risk Mitigation Strategies	3.00%	7.10%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability

Sensitivity of the Borough's proportionate share of collective net pension liability to changes in the discount rate

The following presents the Borough's proportionate share of the collective net pension liability of the participating employers as of June 30, 2024, calculated using the discount rate as disclosed above as well as what the Borough's proportionate share of the net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	June 30, 2024

Special Funding Situation

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. For PERS, the legislation which legally obligates the State is found in Chapter 133, P.L. 2001. This special funding situation is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2023, there is no net pension liability associated with this special funding situation as there was no accumulated difference between the annual additional normal cost under the special funding situation and the actual State contribution through the valuation date.

The amounts contributed by the State on behalf of the Borough under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the Borough does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Borough related to this legislation.

The non-employer contributing entities' total proportionate share of the non-employer contribution that is associated with the Borough as of June 30, 2024, was 0.1449754145% which was a decrease of 0.0086096338 percent from its proportion measured as of June 30, 2023. The non-employer contributing entities' contribution and employer pension expense and related revenue for the years ended June 30, 2024 and June 30, 2023 was \$63,219.00 and \$69,114.00, respectively.

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). Police and Firemen's Retirement System (PFRS)

At June 30, 2024, the State reported a net pension liability of \$31,551,909.00 for the Borough 's proportionate share of the total PFRS net pension liability. The total pension liability for the June 30, 2024 measurement date was determined by an actuarial valuation as of July 1, 2023, which was rolled forward to June 30, 2024. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

At June 30, 2024, the Borough's proportion was 0.3055401700 percent, which was a decrease of 0.0033366100 percent from its proportion measured as of June 30, 2023.

For the year ended June 30, 2024, the State recognized an actuarially determined pension expense of \$1,837,128.00. The pension expense recognized in the Borough's financial statements based on the April 1, 2024 billing was \$4,111,771.00.

Actuarial Assumptions

The collective total pension liability for the June 30, 2024 measurement date was determined by an actuarial valuation as of July 1, 2023, which rolled forward to June 30, 2024. This actuarial valuation used the following assumptions:

Price Wage 2.75%

3.25%

Salary Increases

Through

All Future Years 3.25-16.25% Based on Years of Service

Investment Rate of Return

7.00%

Employee mortality rates were based on the Pubs-2010 Safety Employee amount-weighted mortality table (sex-specific), projected generationally from 2010 with Scale MP-2021 mortality projection. For healthy annuitants, mortality rates were based on the Pubs-2010 Safety Retiree Below Median amount-weighted mortality table (sex-specific), projected generationally from 2010 with Scale MP-2021 mortality projection. Disability rates were 144% of the Pub-2010 Safety Disabled Retiree amount weighted mortality table for males and 100% for females, projected generationally from 2010 with Scale MP-2021 mortality projection.

The actuarial assumptions used in the July 1, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Borough's proportionate share of the collective net pension liability to changes in the discount rate

The following presents the Borough's proportionate share of the collective net pension liability of the participating employers as of June 30,2024 calculated using the discount rate as disclosed above as well as what the Borough's proportionate share of the net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Special Funding Situation

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.c. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.c. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed by the State on behalf of the Borough under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the Borough does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Borough related to this legislation.

The non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the Borough as of December 31, 2024 and 2023 is 0.30554033% and 0.30887698% respectively, the non-employer contributing entities' contribution for the year ended June 30, 2024 and 2023 was \$715,606.00 and \$719,142.00, respectively and the employer pension expense and related revenue for the year ended June 30, 2024 and 2023 was \$715,606.00 and \$715,283.00, respectively.

At June 30, 2024 and 2023, the State's proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$6,220,391.00 and \$6,288,320.00, respectively.

At June 30, 2024, the Borough's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

Borough's Proportionate Share of Net Pension Liability \$31,551,909.00

State of New Jersey Proportionate Share of Net Pension Liability Associated with the Borough

6,220,391.00

\$37,772,300.00

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System (PFRS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.state.nj.us/treasury/pensions.

NOTE 7: COMPENSATED ABSENCES

The Borough has an Accrued Sick and Vacation Policy whereby eligible employees, upon retirement, will receive compensation based upon the employees' length of service.

The estimated amount of \$6,499,584.42 and \$6,378,899.05 for December 31, 2024 and 2023, respectively, computed using applicable salary rates would be payable to the officials and employees of the Borough for accumulated sick days and unused vacations. This total is not intended to represent amounts that will ultimately be paid to employees upon termination or retirement, as no adjustment has been made to reflect the limitations on lump sum payments. Expenditures for payment of accrued sick and vacation benefits are recorded in the period in which the payments are made. At December 31, 2024, the Borough has a reserve in the Trust Other Fund of \$1,201,160.00.

NOTE 8: DEFERRED COMPENSATION PLAN

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Borough employees, permits them to defer a portion of their salaries until future years. The Borough does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the Borough's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

The accompanying financial statements do not include the Borough's Deferred Compensation Plan activities. The Borough's Deferred Compensation Plan is fully contributory and the Borough has no liabilities in conjunction with the plan.

NOTE 9: LITIGATION

The Borough's Attorney's letters did not indicate any litigation, claims or contingent liabilities which would materially affect the financial statements of the Borough.

NOTE 10: TAX APPEALS

There are tax appeals filed with the State Tax Court of New Jersey requesting a reduction of assessments for 2024. Any reduction in assessed valuation will result in a refund of prior year's taxes in the year of settlement, which may be funded from current tax revenues, through the establishment of a reserve, or by the issuance of refunding bonds per N.J.S.A. 40A:2-51. The Borough has a reserve of \$61,639.93 at December 31, 2024.

NOTE 11: CONTINGENT LIABILITIES

The Borough participated in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. These programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2024, the Borough does not believe that any material liabilities will result from such audits.

NOTE 12: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of; damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough joined the Professional Municipal Management Joint Insurance Fund as permitted by N.J.S.A. 40A:10-36 to provide coverage for Worker's Compensation and employer's liability, liability and property damage other than motor vehicle, and motor vehicle coverage in excess of the Borough's self-insured risk retention. The Borough participates in the Central Jersey Joint Insurance Fund ("JIF"), which provides coverage for the above type of claims with no self-retention coverage. There have been no provisions included in the financial statements for claims incurred but not reported (IBNR) for the above coverage as of December 31, 2024. The Borough is not aware of any claims pending that have a demand in excess of coverages provided under the JIF. In addition, there were no significant reductions in insurance coverage from prior year coverage and there were no amounts settled which exceeded insurance coverage for each of the past three years.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. Below is a summary of Borough's contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the Borough's expendable trust fund for the current and previous two years:

<u>Year</u>	Contributions	Amount <u>Reimbursed</u>	Ending <u>Balance</u>

Single Employer Plan Defined Benefit Plan

Plan Description

The Borough's defined benefit OPEB plan, Borough of Sayreville Retiree Medical Plan (the Plan), provides OPEB for all eligible employees of the Borough in accordance with the terms of their various labor agreements. The Plan is a single-employer defined benefit OPEB plan administered by the Borough. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The footnote below includes information as of December 31, 2024 which was the most current information available.

Summary of Benefits

The Plan provides retirees and their eligible dependents medical benefits provided that they have meet the eligibility requirements contained in the Borough's various labor agreements.

Employees Covered by Benefits Terms (at 12/31/2022)

payments	148
Inactive employees entitled to but not currently receiving benefits payments	-0-
Active employees	243
	391

Contributions

The contribution requirements of the Borough and Plan members are established and may be amended by the Borough's governing body.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postemployment medical, prescription, dental and vision coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Net OPEB Liability

The Borough's total OPEB liability of \$160,992,508 was measured as of December 31, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability in the December 31, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation

2.25%

Salary Increases

3.00%

Healthcare cost trend rates 5.0 percent.

Mortality rates were based on the PUB-2010 mortality table MP-2021 projection.

The actuarial assumptions used in the December 31, 2024 valuation were based on the results of an actuarial experience study for the period January 1, 2024–December 31, 2024.

Discount Rate

The discount rate under GASB 75 should be the single rate that reflects (a) the long-term expected rate of return on plan investments that are expected to be used to finance the benefit payments, to the extent that the plan's fiduciary net position is projected to be sufficient to make projected benefit payments and the assets are expected to be invested using a strategy to achieve that return and (b) a yield or index rate for 20-year, tax exempt general obligations municipal bonds with an average rating of AA/AAa or higher (or an equivalent quality on another scale) to the extent that the conditions in (a) are not met. The discount rates used for determining the Total OPEB liabilities at January 1, 2024 and December 31, 2024, based on the "The S&P Municipal Bond 20-year High Grade Index", are 3.26% and 4.08%, respectively.

Cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation

Plan Description and Benefits Provided

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions; therefore, assets are accumulated to pay associated benefits.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330.

The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Special Funding Situation

The Borough, by resolution of the governing body, has elected to provide postretirement medical coverage to certain employees under the provisions of Chapter 330, P.L. 1997.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge.

The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation (Continued)

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no Net OPEB Liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective Net OPEB Liability that is associated with the local participating employer.

At June 30, 2023 and 2022, the State's proportionate share of the Net OPEB Liability attributable to the Borough for the special funding situation is \$15,772,516.00 and \$18,674,981.00, respectively.

At June 30, 2023, the Borough's and State of New Jersey's proportionate share of the Net OPEB Liability were as follows:

NOTE 14: DEFERRED SCHOOL TAXES

School taxes raised in the calendar year for the school fiscal year (July 1 to June 30) which remain unpaid at December 31 may be deferred to current fund balance in an amount not exceeding fifty percent (50%) of the levy providing the school district has not requisitioned the funds. The balance of unpaid local school taxes levied, amount deferred and the amount reported as a liability (payable) at December 31, 2024, are as follows:

 Total Balance of Local Tax
 \$40,448,246.00

 Deferred Taxes
 10,642,000.00

 Local Tax Payable
 \$29,806,246.00

NOTE 15: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at December 31, 2024:

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were made.

NOTE 16: LENGTH OF SERVICE AWARDS PROGRAM

The Borough of Sayreville adopted an ordinance establishing a Length of Service Awards Program for the members of the Sayreville Fire Department pursuant to N.J.S.A. 40A:14-183 *et seq*.

All assets of the plan are held by an independent administrator, the Lincoln Financial Advisers.

Under this program, each volunteer that performs the minimum amount of service will have an annual amount of \$1,092.10 deposited into a tax deferred income account that will earn interest for the volunteer. The cost amounted to \$78,158.06 in 2024.

The accompanying financial statements do not include the Borough's Length of Service Awards Program's activities. The Borough's Length of Service Awards Program's financial statements are contained in a separate review report, as required by state regulations.

NOTE 17: FIXED ASSETS

The Borough's governmental fixed assets are reported as follows:

		Balance December 31, 2023	Additions		Deletions		Balance December 31, 2024

NOTE 18: LONG TERM TAX EXEMPTIONS

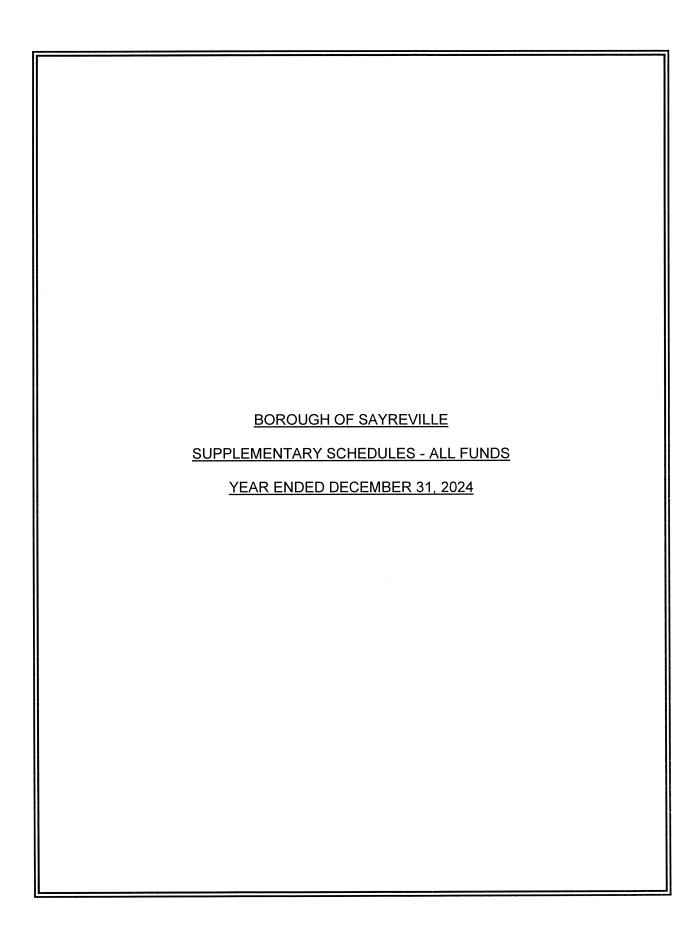

The Borough provides for long-term tax exemptions, as authorized and permitted by New Jersey State Statutes, N.J.S.A. 40A:20-1 et seq. sets forth the criteria and mechanism by which property taxes can and are abated. The exemption provided by the Borough are predominately for affordable housing projects. Taxes are abated include municipal, local, school and county taxes. The Borough is required to remit five percent (5.00%) to the County for any payments received in lieu of taxes (PILOT payments). The Borough PILOT billings in 2024 were \$2,171,384.06 and taxes in 2024 that otherwise would have been due on these long-term tax exemptions amount to \$6,523,418.43, based upon the assessed valuations of the long-term tax exemption properties.

NOTE 19. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEARS BUDGET

As noted in Note 1, certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2024, the Animal Control Trust Fund reflected a deferred charge resulting from a deficit in operations during 2022 in the amount of \$50,675.80. Of this amount, \$32,991.00 was raised in the 2023 budget. The remaining balance of \$17,684.80 has been raised in the 2025 budget.

NOTE 20: SUBSEQUENT EVENTS

The Borough has evaluated subsequent events occurring after the financial statement date through September 17, 2025, which is the date the financial statements were available to be issued. Based upon this evaluation, the Borough has determined that no subsequent events needed to be disclosed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Borough Council Borough of Sayreville County of Middlesex Sayreville, New Jersey 08872

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the Borough of Sayreville, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements, and have issued our report thereon dated September 17, 2025. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Sayreville prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the Borough's control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Borough's internal control.

SUPLEE, CLOONEY & COMPANY LLC

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough of Sayreville's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. However, we noted immaterial matters of noncompliance which are discussed in Part II, General Comments and Recommendations Section of the report.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Sayreville's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Sayreville's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL
FINANCIAL ASSISTANCE PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH THE UNIFORM GUIDANCE

The Honorable Mayor and Members of the Borough Council Borough of Sayreville County of Middlesex Sayreville, New Jersey 08872

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Borough of Sayreville, County of Middlesex, State of New Jersey (the "Borough") compliance with the types of compliance requirements identified as subject to audit in the Federal OMB Compliance Supplement that could have a direct and material effect on each of the Borough's major federal programs for the year ended December 31, 2024. The Borough's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Borough complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Borough's compliance with the compliance requirements referred to above.

SUPLEE, CLOONEY & COMPANY LLC

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Borough's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Borough's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Borough's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards and the Uniform Guidance we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the Borough's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the Borough's internal control over compliance relevant to the audit
 in order to design audit procedures that are appropriate in the circumstances and to test and
 report on internal control over compliance in accordance with the Uniform Guidance, but not for
 the purpose of expressing an opinion on the effectiveness of the Borough's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR (N.J.S.A. 40A:11-4)

"Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to Section 3 P.L. 1971 C. 198 (C. 40A:11-3), except by contract or agreement."

Effective July 1, 2020, the bid threshold in accordance with N.J.S.A. 40A:11-4 is \$17,500.00 or up to \$44,000.00 if the entity has a Qualified Purchasing Agent. The Borough has a Qualified Purchasing Agent and has elected to increase its bid threshold to \$44,000.00. The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$44,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Morgan Area Water System Improvements
Improvement to Cheesequake Road
2023 Roadway Paving and Reconstruction Project – Phase I
2023 Roadway Paving and Reconstruction Project – Phase II
Kennedy Park Bathroom Improvements
Melrose and President Park Fire House Roof Replacement

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring or any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$44,000.00 for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2024 adopted the following resolutions authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED by the Mayor and Council of the Borough of Middlesex, as follows:

In the event the quarterly payment of taxes or assessments are not paid on the date on which they become delinquent, but are paid within ten days on the date on which they become delinquent, the Tax Collector be and is hereby authorized to collect interest on all such delinquent payments; and

In the event that quarterly payment of taxes and assessments are nit paid within ten days of the date on which they become delinquent, and the total amount of said delinquency is less than \$1,500.00, the Tax Collector be and is hereby authorized to collect 8% interest per annum from the date said payments first become delinquent up to \$1,500.00 of the delinquency and 18% interest on all such delinquent payments over \$1,500.00.

Pursuant to N.J.S.A. 54:4-67, which is the New Jersey statute defining a tax delinquency, the Governing Body of the Borough of Middlesex does hereby fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay the delinquency prior to the end of the calendar year 2024 and the penalty so fixed shall be six (6%) of the amount of the yearly delinquency.

DELINQUENT TAXES AND TAX TITLE LIENS

The last tax sale was held on October 2, 2024 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

GENERAL CAPITAL FUND

During our audit of the General Capital Fund, we noted cash deficits for four ordinances that are over five years old. As part of the 2025 budget process the Borough fully raised the funding for two of these ordinances and partially raised funding for the other two ordinances. The Borough should continue its efforts to raise these funds in subsequent budget years.

RECREATION

During our testing of the Recreation Department, we noted that the Recreation Department maintains their own bank account, however not all funds were turned over to the Finance Department by January of the following year. This is a repeat comment from the prior year.

PAYROLL

During the audit of the Payroll Department, we noted that certain employees who met the requirements for enrollment into the Defined Contribution Retirement Plan (DCRP) were not participating in the plan.

RECOMMENDATIONS

*That the Recreation turn over all monies by January of the subsequent year.

That all employees who met the requirements for enrollment into the Defined Contribution Retirement Plan (DCRP), participate in the plan.
