Borough of Sayreville
Notice of Public Meeting & Comment Period for Resilient Community Project

The Borough of Sayreville invites the public to review and provide comments on the final design proposal for the replacement and upgrade of the Melrose Sewer Pump Station.

The public presentation will be held on conjunction with the Borough Council meeting on November 9, 2026, at 7:00 PM at 167 Main Street, Council Chambers, Sayreville, NJ 08872. To access the meeting online, use the following link: Meeting Livestream . Accessibility accommodation can be provided upon request. Public comments are welcome for up to 14 days by November 23, 2026 after the presentation All comments received by the specified deadline will be considered in the final design.

The project is funded by a $2,859,780 grant from the Resilient Communities Grant Program (RCP), administered by the New Jersey Department of Community Affairs. The grant program is designed to support projects that will reduce the impact of flooding caused by extreme weather events. RCP funds are provided by the Community Development Block Grant Disaster Recovery program, administered by the U.S. Department of Housing and Urban Development (HUD). All projects funded are subject to compliance with HUD regulations and requirements. For more information and/or to provide written comments, or to review the proposed design, please contact Glenn Skarzynski, Business Administrator, at gskarzynski@sayreville.com.
